ADMINISTRATION REFURBISHMENT ALMOST COMPLETED

Over the last 6 months the Administration block, including the Reception area, has been undergoing a refurbishment to renew the existing offices and to make better use of space for Student Reception. The works are almost complete with final touches and cleaning having occurred this past week. The refurbishment has transformed the old teachers' staffroom into a modern and inviting Student Reception area with a much larger and private sick bay room. The front Reception and Accounts area have also been transformed to be more functional for administration staff and have a larger and fresher public foyer.

The school holiday period will provide much needed time for our office staff to move back into the Administration block. We hope that by Monday 11 July the front Reception and Accounts areas will have relocated from the temporary offices near the iCentre to their refurbished workplace back in the Administration block, and public access to the Reception desk will be from the front of the College as it was last year.

Thank you for your patience throughout the year while construction has taken place. However, I am sure you will agree that the final result has been worth the inconvenience and will serve the College well for the foreseeable future.

Mr David White
Deputy Principal

GENERAL NOTICES

RELIGIOUS EDUCATION

Bishops' Religious Literacy Assessment (BRLA)

As mentioned in the last Delagram, the Year 9 students are participating in the BRLA on Wednesday 27 July during Period 1 and 2.

The use of the BRLA complements the school based assessment programme in Religious Education and will account for 10% of the overall mark.

The BRLA will be completed online, so students need to make sure their laptop is at school and functional. All classes completed online practice questions this week.

Once again, I would like to thank Mrs Fiona Williams (Assistant Learning Area Coordinator for Religious Education) for the organisation of the BRLA this year.

Catholic Schools Youth Summit

Three students represented La Salle College at the inaugural Catholic Schools Youth Summit held at the University of Notre Dame last Friday 24 June 2016 – Jadon Punshon (Year 11), Lauren Brown (Year 10) and Connor McKie (Year 10). The Summit was designed for future young leaders in our Catholic schools. It enabled them to come together and participate in valuable learning experiences. Thanks to Mrs Fiona Williams for supervising this outing and making it possible for the students to attend.

Time for a Smile

The Department of Water representative stopped at a farm and told the old farmer that he needed to inspect his farm for its water allocation. The farmer said, "Okay, but don't go into that field over there."

The Water representative said, "Look here, I have authority from the Federal Government. See this card? This card means I am allowed to go **wherever I wish** on any farm land!" The farmer nodded resignedly and went back to his chores.

Later, he heard loud screams and saw the Water representative running for the fence with a bull close behind him. The bull was gaining ground with every step. The visitor was clearly terrified so the farmer threw down his tools, ran to the fence and shouted, "Your card! Your card! Show him your card!"

Happy Holidays

It has been a long and busy term. I wish everyone a happy, relaxing and safe holiday, and look forward to seeing you all back next term.

On the days that Year 7s have Physical Education (PE) they are to bring their full sports uniform (including hat and sports socks) in their sports bags. Students will be given time to get changed at the beginning of their PE lesson and given time at the conclusion of their PE lesson to get changed back into their full school uniform.

Students are reminded that they should not bring any valuables (laptop, mobile phone, money etc) to the change rooms.

GENERAL NOTICES

YEAR 10 ASPIRE INCURSION

Week 8 was a busy first week back for the Year 10s after the exam break. With Careers Day on the Tuesday, and on Wednesday (15 June) a select group of 30 students had the opportunity to attend the Year 10 Aspire School Visit for 2016. La Salle College has an association with the University of Western Australia through the Aspire Programme, which aims to promote the idea of tertiary education. The students had the opportunity to choose from a variety of hobbies and subjects they enjoyed and see how they could align their interests and strengths with career paths. They learnt how to calculate TEA's (Tertiary Entrance Aggregate) they 'scored' and how this 'score' would then be used to calculate an ATAR (Australian Tertiary Admissions Rank). Each of the students took individual study surveys to see how they could improve. For me there were a lot of ways I could improve. We went over study techniques which included taking notes in class, creating study sessions which engaged several of our senses (for example visual presentations, re-hashing over notes, completing examples) and the importance of effective highlighting (use bright colours and highlight words rather than sentences). On behalf of all the students who attended I'd like to extend a huge thank you to the Aspire Team, the University of Western Australia and to Ms Noble most of all. If anyone has any questions about the day, I would be happy to answer them or to direct them to someone who can.

Shanice Peploe
Year 10 Aspire Advocate

YEAR 11 HISTORY EXCURSION

On 16 June, Ms O'Donnell's Year 11 History class travelled on an expedition to Yokine, to the Holocaust Institute of Western Australia to consolidate their understanding about the harsh realities that occurred in Germany during 1933 to 1945. We were greeted by the amicable staff and began the day off with a summary of the Holocaust and a discussion of the ideas which caused it. After our guide's presentation he led us to a room where we viewed a series of photographs, statistics and information about the Holocaust. As we all entered the room, we were immediately burdened with a solemn atmosphere and a remorseful feeling towards the victims of the Holocaust. Afterwards we were introduced to a Holocaust survivor called Isaac Piller who was a Jew living in Holland. Isaac told us the story of his troubled life from 1932 about his life during the war and the troubles he still encounters in contemporary society. All of us were emotionally affected by Isaacs's troublesome life and also by his courage to speak about the nightmares he still has to this day. After Isaac had told his story he answered many questions and was given a genuine applause. The excursion was a challenging but valuable day, which provided students with alternative perspectives on life, death and war. What I took away from the day is that our past is a travesty, but our present is an opportunity to be kind.

KEYS FOR LIFE PROGRAMME REMINDS DRIVERS

Sharing the roads with Trucks

Heavy vehicles are large, not very maneuverable and often slow around the city. Therefore, it is important to obey traffic laws, be cautious and patient when near them.

On country roads drivers often become impatient when behind trucks. You should not take unnecessary risks when overtaking. Ensure you have an adequate distance ahead when overtaking as it can take in excess of 400 metres to safely complete the manoeuvre. Always assess the risks.

Turning Trucks

Some trucks need extra space at corners, intersections and roundabouts. If they are over 7.5 metres long they have '**Do not overtake turning vehicle**' and may need multiple lanes to make their turn. Keep a safe distance away and give them enough room to move. The '**Do not overtake turning vehicle**' sign fitted to the rear of trucks and trailers allows the truck to legally turn from the second or third lane from the kerb if needed to safely turn the corner.

Always be careful when passing a turning truck that has these signs. Watch for truck indicators. If you are on the truck's left - which is one of the driver's blind spots - it may need to turn left across your path, without the driver being aware that you are there.

Blind spots

A blind spot is where drivers lose sight of the vehicles around them. You know where your blind spots are when travelling on the road. Truck driver's blind spots are:

- beside the truck's left door.
- directly behind the truck for quite a distance - if you cannot see the truck driver in the truck's mirror, then the driver cannot see you.
- immediately in front of the truck.

Get clear of a truck driver's blind spots as soon as you can. Move to a position well in front of or behind the truck, where the driver can see you.

Stopping distances

Trucks are bigger and heavier than cars, therefore, take longer to stop safely. The table below shows stopping distances for trucks:

Vehicle Speed(km/h)	Stopping Distance dry road (metres)	Stopping Distance wet roads (metres)
60	80.6	90.3
80	130	170.3
100	185	277.5

Source: Acceleration and deceleration testing of combination vehicles Report Number RUS-04-1075-01-05 (13 August 2004). WA Dept of Main Roads.

Do not cut in front of a truck as it is slowing down to stop (e.g. at traffic lights) as you may not leave enough room for it to pull up. When driving on wet roads drivers should remember that a truck will take even longer to stop.

Trucks with an oversize load

If a car or 4WD vehicle approaches you carrying the '**Oversize load ahead**' sign be prepared to move over, slow down or stop to allow a truck loaded with a combination of a very long, high, wide or heavy load following close behind. The pilot vehicle escorting this oversize truck may even flag you down and warn you to pull off the road as the truck requires the whole road width.

DIVERSITY INSPIRES

The past few weeks have certainly highlighted the diverse nature of the iCentre. In addition to the regular classes, including the Year 7 - 9 Reading Classes and the usual recreational and educational student use before, during and after school, there have been a number of other activities which have resulted in a significant increase in student numbers.

The Open Collaborative Area was the perfect venue to host the Year 10 Aspire University Discovery incursion in mid-June. The Semester One Examinations saw an increase in students using the iCentre's facilities to study and print study resources. The Year 11 and 12 Certificate II in Applied Fashion Design and Technology made and displayed make-up cases, which double as pencil cases.

Finally, thank you to the people who responded to our call for unwanted household batteries prior to the College's June battery recycling collection. Please continue to drop off your unwanted batteries, mobile phones and accessories to our Recycling Centre.

The July holidays will provide a perfect opportunity to curl up with a good book. It is great to see so many students and staff stocking up on books ready for their holiday reading.

Mrs Lindy Reger
iCentre Coordinator

Device and Files

Parents, here is some ICT homework for your student in the holidays:

- Tidy up loose files into appropriate folders.
- Clean up the desktop.
- Get all non-school files out of 'documents'.
- Back up all schoolwork onto a USB drive or a cloud account, or both.
- A couple of days before school starts, restart the device and install any updates.
- Come to school on day one with the device turned off, and turn it on at school.

Social Networking Privacy

We probably need to review the privacy settings in Social Networking accounts more often than we do.

Students recently saw Paul Litherland, former Police Officer, show just how easy it was to track individual students both electronically and physically via Facebook and Instagram type accounts.

Google 'Facebook safe privacy settings teens' or similar. There is a lot of advice out there, and it's not hard to follow.

As always, its downline to open communication and managed screen-time.

Mr Andy Vella
ICT Across the Curriculum Coordinator

Time on screen

A recent study by the Royal Children's Hospital Melbourne cited 'Excessive Screen Time' and the number one child health problem.

One in 5 families cited it as a problem in their home. Department of Health Sedentary Behaviour Guidelines suggest:

- Under two – Zero.
- 2 to 5 years – Less than one hour per day.
- 5 to 17 years – Less than two hours per day.

It might be time for a robust conversation.

SENIOR INTER-HOUSE ATHLETICS CARNIVAL

Thursday 23 June brought a fresh but clear day at the Ern Clark Athletics Centre in Cannington. With the Houses keen to compete in all events, the bays were empty most of the day, which was great to see. Many students competed in a variety of events, therefore, the race for Champion House was again a close one.

Carnivals never run smoothly without the hard work and dedication of the House Coordinators, a job well done to you all. We would also not be able to run all the events we do if it wasn't for the parents who give up their own time to support and help out where necessary – thank you. I would like to thank the Physical Education staff who dedicate their time over lunches, for pre-carnival events, and on the days of the carnivals to set up early. I would also like to thank the Maintenance team for helping set up and take down the House tents, which is never an easy task.

Well done to the Year 7 Boys Soccer team and their coach, Mr Murray and student helper, Tino Makawala for winning their grand final last week. The boys were undefeated all season and won convincingly over Swan Valley Anglican Community School 2-1. The boys will now head to the ACC Super series next term. Thank you to Matthew (Share the Mission Volunteer) who has refereed the NEAS soccer games this season.

SENIOR BOYS AFL

The Senior Boys took on Churchlands Senior High School in the Jakovich Division North Grand Final at Steel Blue Oval last Wednesday 22 June. In a hard fought contest, the boys came back from 2 goals down at half time, and 1 goal down with 5 minutes left, to run out 12 point winners! All players should be proud of their efforts. Reece Buck (Year 12) was best on ground, holding up multiple attacks in the first half before switching forward and kicking 2 goals in the second half. Sam Hodgkin (Year 11) and Callum Garcia (Year 12) worked hard in the midfield, whilst Liam McPherson (Year 12) controlled the backline manfully. The boys now have to wait until 27 July for the Jakovich Division Grand Final to face the winners of the South Division. Well done to Mr Sorgiovanni and Mr Reilly this season and good luck in the grand final!

CATHOLIC EDUCATION
WESTERN AUSTRALIA

EXECUTIVE DIRECTOR OF CATHOLIC EDUCATION

Dear Parents and Caregivers

As we come to the end of Semester One, I would like to take the opportunity to thank you and your family for the vital role you play within our Catholic Education community in Western Australia. For those of you who have joined us this year, I extend an especially warm welcome.

Some of you may have heard about the 2016 National Catholic Education Commission (NCEC) Conference which was hosted by Catholic Education Western Australia recently in Perth. The conference, attended by more than 1,400 delegates from across Australia and the world, presented opportunities for many of our principals and teachers to contemplate a Catholic education system that provides new educational opportunities and ways of learning.

It was truly wonderful and humbling to hear Honduran Cardinal Rodriguez Maradiaga speak of Catholic Education in Australia as one of the best Catholic school systems in the world. I am confident that this would not be the case without the hard work and dedication of our staff, or without the invaluable contribution from the parents, families and friends that make up our school communities.

This term was filled with countless stories of student achievement, innovative teaching and learning approaches, and inspiring community initiatives across our system of 163 schools. Witnessing the first Catholic School Youth Summit, with Year 10 and 11 students from across our state, reinforced the agility and resourcefulness of Catholic Education to reimagine learning in a complex youth environment. The opportunity to join hundreds of primary school students from across the Archdiocese of Perth to support the 2016 Lifelink Day campaign launch encouraged me to reflect on the role of our schools to grow compassionate school communities, where Christian values flourish in the lives of our children.

As the winter holiday begins, I hope you will have opportunities to spend time with your children, to have fun, and to continue learning with them and from them. I also hope it is a time for you to reflect on the great importance of your role as your child's first educator. May you be encouraged by the words of Cardinal Rodriguez Maradiaga, in his address to the NCEC Conference, "To be an educator is to be joyful."

I wish your family a joy-filled winter break.

Yours sincerely

Dr Tim McDonald
