

KEEP LEARNING

1

Stage 1: Learning Continuity Plan while isolating.

What does my day look like while I am isolating?

PCG

Daily: 8.30am - 8.45am

Normal school morning routine.
Access SEQTA, read Daily Notices, check PCG for teacher instructions.

SEQTA

Daily

After PCG, login to SEQTA and check your Daily Timetable for each subject. You will see learning goals, resources and other materials you need for the day.

TIMETABLE

Daily for each lesson

At the start of each scheduled lesson, check instructions for the day and plan how you will complete activities.

CLASS TEACHER

Daily for each lesson

Email your class teacher any questions you may have - they are there to assist you.

ASSESSMENTS

As scheduled

As part of your learning you may need to complete an assessment task to monitor your learning progress (This may be for any subject).

LESSONS

Daily as per Timetable

For practical subjects some lessons will be theory based while others may include an alternate activity. (These may include something from Music, Art, HPE and Technologies subjects).

PCA SUPPORT

Daily

Whenever you feel confused or lost during remote learning, you can always look to your teachers or PCA for support (Your parents are a great resource too).

WELLBEING

Daily

Rest, relax and recharge. You need to maintain a healthy balance between your time online and offline. Make time to enjoy some fun activities and hobbies inside and outside.

Remote Learning Checklist

- SEQTA is the central hub for our Keep Learning and Remote Learning Program
- Communicate regularly with your class teacher and PCA for support
- Online learning provides flexibility in when and how students complete tasks
- If you are sick complete the normal Student Absentee process
- If you are home isolating and feel up for learning, access the class resources through SEQTA.
