Our Faith and Lasallian Principles

Faith | Excellence | Service

We are a school of excellence guided by our Lasallian principles and Catholic values. We celebrate our students' individual needs and interests, empowering them to discover their unique potential.

Through our programs, teachings, behaviours and actions, we encourage our College community to discover more about faith and inspire them to realise their potential and live not by their fears but by their hopes, not by their words but by their deeds.

As a College, we've been given the gift of nurturing the young minds and hearts of our students and helping them realise their value, individuality, and the positive impact they can have on the lives of others.

1 Catholic Identity

We inspire people to realise their potential and become positive and compassionate contributors to the community.

By creating an environment where we live by our values and faith, we empower students and staff to positively influence others through their actions. Through our faith formation experiences and rich liturgical life, all members are invited to deepen their spirituality and experience the strength it provides.

By prioritising the holistic development of each student, we demonstrate our commitment to the dignity of each person within our community and to the Church's enduring mission to nurture the whole person.

Strategic Priorities

1.2 Strengthen the spiritual life of our school community through meaningful liturgical activities

1.3 Enhance opportunities for belonging, inclusion, and meaningful participation for all.

2 Education

We empower our students and staff to be lifelong learners and teachers.

By embedding high expectations within a supportive environment, students are empowered to be their best. We embrace the unique gifts and talents of each individual and support them to discover their potential in a manner that works best for them.

By promoting the development of strong academic skills, we provide the foundation for students to engage deeply with their learning and equip them with the necessary capabilities for life beyond our College.

Strategic Priorities

2.1 Foster a culture of high expectations that nurtures courageous learners

2.2 Leverage our Vision for Learning to advance pedagogical excellence

2.3 Progress our whole school and system approach to literacy and numeracy.
